

# APP DEVELOPER

for a growing startup

**Someoneew** is a mobile application that connects its users through spontaneous face-to-face conversation based on users' shared interests.

We are looking for **seasoned mobile application developers**, specifically those with experience in:

## iOS development

We are able to provide **up to 3 credits** for an independent study or an **official internship** within certain colleges. The position will be unpaid and we are flexible with required hours.

If interested, please apply at: [www.someonew.com/opportunities](http://www.someonew.com/opportunities)

Any questions please contact: [k.someonew@gmail.com](mailto:k.someonew@gmail.com)
